

ARCHER BAR AND CHAIN

Archer Bar and Chain Oil is designed for use in all types of chain saws using either manual or automatic chain oiling systems. It contains additives to reduce wear and sling-off and provides good lubrication at low temperatures as well as proper lubrication at higher operating temperatures. It may also be used to lubricate chain drives in a variety of other applications including farm machinery, lawn and garden, and industrial equipment.

FEATURES & BENEFITS

- Anti-wear protection for chain, bar, and sprocket life
- Reduced downtime for chain adjustments
- Tackiness additives reduce oil sling-off during use, resulting in better chain performance and less oil usage

TYPICAL SPECIFICATION DATA

ARCHER BAR AND CHAIN OIL	
SAE GRADE	30
Viscosity @ 100°C (cSt)	10.5
Viscosity @ 40°C (cSt)	67.0
Viscosity Index	145
Density (lb/gal)	7.21
Pour Point (°C)	-36
Pour Point (°F)	-33
Flash Point (°C)	214
Flash Point (°F)	417
