

ARCHER GOLD SYNTHETIC GEAR OIL SAE 75W-90

Archer Gold Synthetic Gear Oil SAE 75W-90 is an API GL-5 extreme pressure gear lubricant formulated for improved fuel economy in light, mid and heavy-duty applications compared to typical petroleum 75W-90 gear lubricants. It is engineered using synthetic base oil which provides a high viscosity index and a low pour point. Archer Gold Synthetic Gear Oil SAE 75W-90 also contains extreme pressure additives, along with rust, oxidation and corrosion inhibitors to protect gears and bearings operating under a wide variety of load conditions. This lubricant features an optimized viscosity to allow lower churning losses and still maintain adequate bearing and gear protection.

FEATURES & BENEFITS

- Better operating performance – as a result of the superior lubricating properties and low viscosity profile of Archer Gold Synthetic SAE 75W-90, improved fuel mileage can be realized.
- Increased gear life – this extreme pressure (EP) lubricant results in longer gear life by providing extremely high film strength and superior low temperature performance.
- Anti-rust and anti-corrosion properties promote extended gear and bearing life.
- Extended drain, all-season lubrication – with an extremely low channel point and high viscosity index, this lubricant provides excellent performance over a broad temperature range.
- Resists oxidation; it will last significantly longer than conventional gear oils.
- Reduced maintenance and downtime.

TYPICAL SPECIFICATION DATA

ARCHER GOLD SYNTHETIC GEAR OIL	
SAE GRADE	75W-90
Viscosity @ 100°C (cSt)	15.0
Viscosity @ 40°C (cSt)	103
Viscosity Index	152
Density (lb/gal)	7.39
CCS Viscosity (cP)	NA
Pour Point (°C)	-33
Pour Point (°F)	-27
Flash Point (°C)	215
Flash Point (°F)	420

Meets or Exceeds:

- API Service Classifications GL-5 and MT-1
- Arvin Meritor 076-N
- Dana Corporation SHAES 256 Rev C & 429
- International Truck TMS 6816
- Mack Truck GO-J Plus
- MIL-PRF-2105/SAE 2360
