

ARCHER PARTS CLEANER

Archer Parts Cleaner is effective as an automotive safety solvent and degreaser. It can be used to remove dirt and grease from engines and mechanical parts. This cleaner can be used on electric motors (even while running), ignition systems, generators, pumps, fans, relays, etc.

FEATURES & BENEFITS

- Non-corrosive.
- Non-conductive.
- 30,000 volt dielectric strength.
- Powerful flushing action.
- Non-flammable.
- Cleans better and dries faster than water-based degreasers and leaves no residue.
- Contains no CFCs or 1, 1, 1-Trichloroethane.
- Safe for most rubber, metal parts, insulation, and metal bearings.

APPLICATIONS & USES

Recommended for use on engines, refrigeration equipment, printing equipment, air conditioning, bowling equipment, power tools, electric fans, air filters, carburetors, generators, machine tools, wrapping machines, keys and locks. **Not for use on plastics.**

DIRECTIONS FOR USE

Shake well before using.

Spray entire area to be cleaned or degreased.

Allow several minutes for solvent to work on heavily encrusted areas.

Use brush for agitation and repeat application to rinse.

STATE RESTRICTION

Industrial use only. Not for sale in the state of California and New Jersey.
