

ARCHER GOLD SYNTHETIC HD COMMERCIAL ATF

Archer Gold Synthetic Heavy-Duty (HD) Commercial ATF is a full-synthetic lubricant formulated with a high-quality detergent and viscosity modifier additive package. This fluid is suitable for use in most heavy-duty transmission applications. Archer Gold Synthetic HD Commercial ATF is formulated to support extended drain intervals, where applicable.

FEATURES & BENEFITS

- Excellent thermal and oxidative stability for long transmission life
- Exceptional all-weather performance in both hot and cold temperature extremes
- Durable friction properties to ensure smoother-shifting transmissions
- Shear stable for long-term viscosity protection

TYPICAL SPECIFICATION DATA

ARCHER GOLD SYNTHETIC HD COMMERCIAL ATF	
Viscosity @ 100°C (cSt)	7.4
Viscosity @ 40°C (cSt)	35.0
Viscosity Index	185
Density (lb/gal)	7.05
Pour Point (°C)	-48
Pour Point (°F)	-54
Flash Point (°C)	216
Flash Point (°F)	421

Meets or Exceeds:

- Suitable for use in heavy-duty transmissions in extended drain applications*
- Allison C-4
- Man 339 Type V1, Z2
- Voith G 607
- ZF TE-ML-14B

** Archer has completed extensive bench and engine tests and field-testing to support Archer Gold Synthetic HD Commercial ATF performance in a broad range of transmission applications. However, it should be noted that Archer Gold Synthetic HD Commercial ATF is not an OEM-licensed product. The respective original equipment manufacturers (OEMs) have neither endorsed nor evaluated Archer Gold Synthetic HD Commercial ATF in the respective applications listed.*

Always check the owner's manual for a proper recommendation.
